WCBEA@LCCC sincerely appreciates past and continuing cooperation of the entities listed in our data sources throughout the report. This report would not be possible without the financial support of the Cheyenne-Laramie County Economic Development Joint Powers Board and Cheyenne LEADS.

# Economic Indicators for the First Quarter 2022

# Overview

Most of Laramie County's economic indicators had continued success in the first quarter of 2022. The residential housing market is hitting record high prices in both Cheyenne and rural Laramie County. Oil prices improved during the quarter. Unemployment rates stayed below 4 percent. Retail sales were up 10 percent over last year. Tourism visitor counts are returning to normal. Commercial air service was suspended in April 2021 to make necessary improvements to the runway, but was back up and running in the first quarter of 2022. Construction permit counts were higher than this time last year. Credit union and banking deposits both increased over the year.

Laramie County labor data for the first quarter of 2022 were mixed for the quarter and positive over the year. Local Area Unemployment Statistics (LAUS) data showed an increase in employment and the Current Employment Statistics (CES) data showed an increase in the number of jobs in Laramie County over the year. Over the quarter, LAUS data showed an increase of 1,569 jobs (+3.3%) while the CES data indicated an increase of 1,700 jobs (+3.7%) from the first quarter of 2021 to the first quarter of 2022. From the fourth quarter of 2021 to the first quarter of 2022, LAUS data reported an increase of 38 jobs (+0.1%) and CES data indicated an increase of 33 jobs during the same time period (+0.1%). It is important to keep in mind the difference between the LAUS data and the CES data.¹ LAUS data are based on a survey of households and CES data are based on a survey of employers. The LAUS data indicated more Laramie County **residents** were working. The CES data reflect a count of **jobs** not workers and showed an increase in the number of jobs in the county.

The number of unemployed workers decreased over the year and increased over the quarter. The number of unemployed workers decreased from 2,494 in the second quarter of 2021 to 1,792 in the first quarter of 2022 (-28.2%). The number increased from 1,513 in the fourth quarter of 2021 to 1,792 in the first quarter of 2022 (+18.4%). This is a common seasonal adjustment as hiring improves during the peak retail season before Christmas. Correspondingly, the average monthly unemployment rate also fell over the year and rose over the quarter, decreasing from 5.0 percent in the first quarter of 2021 to 3.6 percent in the first quarter of 2021 to 3.6 percent in the first quarter of 2021 to 3.6 percent in the first quarter of 2021.

The general level of economic activity in Laramie County – as measured by retail sales – increased 10.3 percent from one year ago. Both total tax collections and tax receipts by local governments increased

<sup>&</sup>lt;sup>11</sup> For more information regarding the LAUS methodology, please see <a href="https://doe.state.wy.us/lmi/laus/toc.htm">https://doe.state.wy.us/lmi/laus/toc.htm</a>, Brief Explanation of the LAUS methodology (posted on 05/15/2017). For more information regarding the CES methodology, please see <a href="https://www.bls.gov/sae/sample.htm">https://www.bls.gov/sae/sample.htm</a>.

over the last year – tax collections rose 14.3 percent and tax receipts rose 13.6 percent from the first quarter of 2021 to the first quarter of 2022.

Oil activity in Laramie County declined from last year — oil production was down 5.1 percent and the number of active wells decreased 3.9 percent. Production was also down over the quarter. Production decreased by over 100,000 barrels per month(-15.3%) and the number of active wells decreased from 484 in the fourth quarter of 2021 to 446 in the first quarter of 2022(-7.9%). Oil prices, however, increased over the quarter and over the year. From the fourth quarter of 2021 to the first quarter of 2022, oil prices increased from \$77.45 to \$94.45(+22%). Over the year, prices moved from \$57.79 in the first quarter of 2021 to \$94.45 in the first quarter of 2022(+63.4%).

Residential construction in Cheyenne increased over the year and over the quarter. The number of single-family building permits increased from a monthly average of 62 in the first quarter of 2021 to 105 in the first quarter of 2022(+69.4%). Over the quarter, the monthly average increased from 51 to 105(+106%). Outside Cheyenne, single-family building permits decreased over the year and over the quarter. The number moved from 85 in the first quarter of 2021 to 45 in the first quarter of 2022(-47.1%). Over the quarter, the number decreased from 73 in the fourth quarter of 2021 to 45 in the first quarter of 2022(-38.4%).

Annual real estate sales prices continued to climb in the first quarter of 2022. In the city, the average sales price rose from \$306,013 in the first quarter of 2021 to \$344,478 in the first quarter of 2022 (+12.6%). In the county, the year-over-year the average sales price for homes rose by 22.6 percent, from \$455,833 in the first quarter of 2021 to \$558,896 in the first quarter of 2022.

This report contains detailed information and analysis on a wide range of economic indicators for the Greater Cheyenne area. Please feel free to contact the WCBEA@LCCC with any questions.

# **Labor Market**

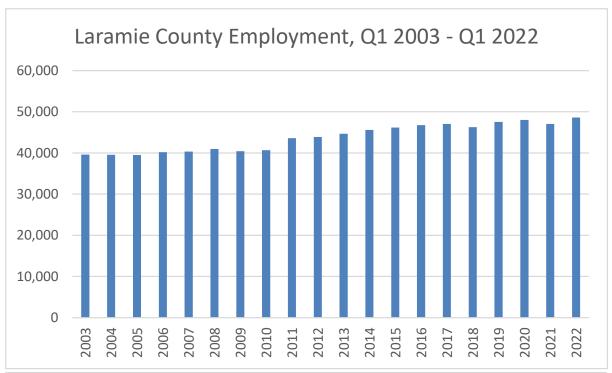

Laramie County labor data for the first quarter of 2022 were mixed for the quarter and positive for the year. Local Area Unemployment Statistics (LAUS) data showed an increase in employment and the Current Employment Statistics (CES) data showed an increase in the number of jobs in Laramie County over the year. The LAUS data indicated an increase of 1,569 jobs (+3.3%) while the CES data indicated an increase of 1,700 jobs (+3.7%) from the first quarter of 2021 to the first quarter of 2022. From the fourth quarter of 2021 to the first quarter of 2022, LAUS data reported an increase of 38 jobs (+0.1%) and CES data indicated an increase of 33 jobs during the same time period (+0.1%). It is important to keep in mind the difference between the LAUS data and the CES data. LAUS data are based on a survey of households and CES data are based on a survey of employers. The LAUS data indicated more Laramie County **residents** were working. The CES data reflect a count of **jobs** not workers and showed an increase in the number of jobs in the county.

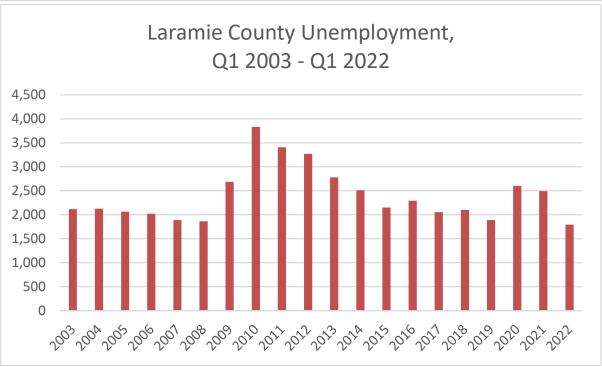

The number of unemployed workers decreased over the year and increased over the quarter. The number of unemployed workers decreased from 2,494 in the first quarter of 2021 to 1,792 in the first quarter of 2022 (-28.2%). The number increased from 1,513 in the fourth quarter of 2021 to 1,792 in the first quarter of 2022 (+18.4%).

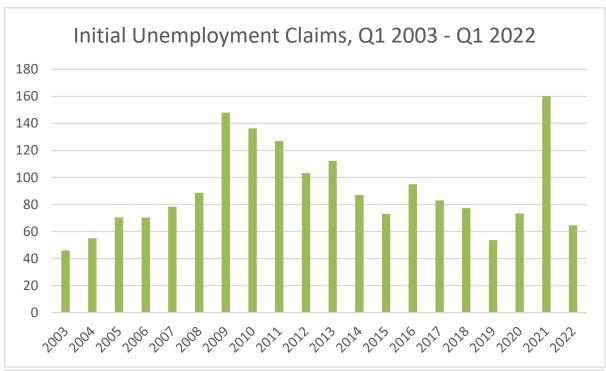

The average monthly unemployment rate also fell over the year and increased over the quarter, decreasing from 5.0 percent in the first quarter of 2021 to 3.6 percent in the first quarter of 2022. The rate increased from an average monthly rate of 3.0 percent in the fourth quarter of 2021 to 3.6 percent in the first quarter of 2022.

Initial unemployment claims were down sharply from last year, from a monthly average of 160 in the first quarter of 2021 to a monthly average of 65 in the first quarter of 2022(-59.4%). Initial unemployment claims increased by 10 over the last quarter, from a monthly average of 55 in the fourth quarter of 2021 to 65 in the first quarter of 2022(+18.2%). The number of help wanted ads increased over the quarter and over the year. The number of ads rose from a monthly average of 379 in the first quarter of 2021 to 420 in the first quarter of 2022(+10.8%). The number of help wanted ads rose over the last quarter, from a monthly average of 337 in the fourth quarter of 2021 to 420 in the first quarter of 2022(24.6%). See Table 1 below for additional details.

<sup>\*</sup> Labor Market statistics are compiled from two major sources: Current Population Survey (CPS) and Current Employment Statistics (CES). Local Area Unemployment Statistics (LAUS) are estimated based on CPS data which is collected through household surveys which individuals are reported as employed, unemployed or not in the labor force. This data includes employment for both agriculture and nonagricultural industries. CES data is based on establishment records compiled through monthly surveys of nonfarm employers. Individuals who worked in more than one establishment, full or part-time, are counted each time their names appear on payrolls.

(a) Wyoming Department of Workforce Services data has replaced Wyoming Tribune Eagle ads.

Figures reported are the monthly average for the quarter.

# **General Business Activity**

Table 2 provides some basic indicators of the level of economic activity in Laramie County.

Estimated retail sales for the first quarter of 2022 were \$407,246,000. This represented an increase of 10.3 percent from one year ago and a decrease of 11 percent from the fourth quarter of 2021. Detailed information about retail sales by subsector is available in Table 3A in the Government Finances section of this report.

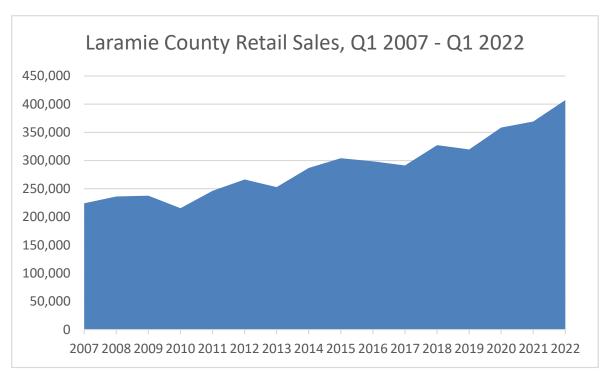

Average monthly enplanements – defined as commercial passenger boardings – increased over the last year, from a monthly average of 407 in the first quarter of 2021 to a monthly average of 974 in the first quarter of 2022 (+139.3%). From the fourth quarter of 2021 to the first quarter of 2022, the number of enplanements increased from a monthly average of 905 to 974(+7.6%). In April 2021, the airport began runway construction, suspending air travel in the middle of the month. Air service returned in November 2021.

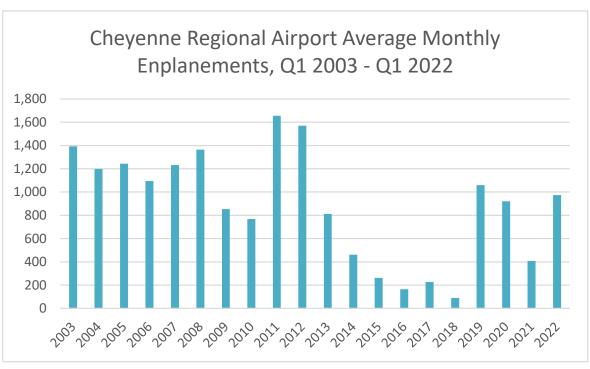

Average monthly auto registrations decreased over the year, from 2,938 in the first quarter of 2021 to 2,860 in the first quarter of 2022(-2.7%). Auto registrations decreased over the quarter, from 2,989 in the fourth quarter of 2021 to 2,860 in the first quarter of 2022(-4.3%).

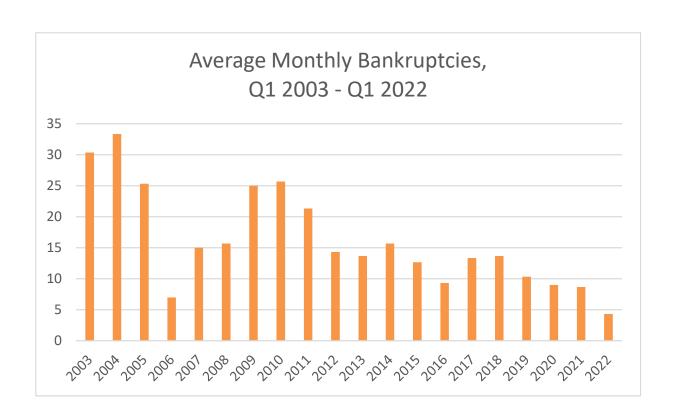

Bankruptcies decreased over the last year, from a monthly average of 9 in the first quarter of 2021 to 4 in the first quarter of 2022. The average monthly number of bankruptcies also decreased over the last quarter, from a monthly average of 6 in the fourth quarter of 2021 to 4 in the first quarter of 2022.

Table 2A provides information on the oil sector and oil activity in Laramie County. National oil prices are up over the quarter and over the year. Prices rose from an average of \$57.79 per barrel in the first quarter of 2021 to \$94.45 per barrel in the first quarter of 2022(+63.4%). Oil prices rose over the quarter, from \$77.45 to \$94.45 per barrel (+21.95%). Oil production is down from last year and down over the quarter. From the first quarter of 2021 to the first quarter of 2022, production fell from 739,517 barrels per month to 702,004 barrels per month(-5.1%). From the fourth quarter of 2021 to the first quarter of 2022, production fell from 828,953 barrels per month to 702,004 barrels per month(-15.3%).

The number of active wells in the county fell over the last year and over the quarter. The number of active wells decreased from a monthly average of 464 in the first quarter of 2021 to 446 in the first quarter of 2022(-3.9%). The number of active wells decreased over the quarter, moving from 484 wells in the fourth quarter of 2021 to 446 wells in the first quarter of 2022(-7.9%).

# **Government Finances**

Table 3 provides information on tax collections and receipts.

The Wyoming state sales and use tax is 4.0 percent. Local and optional taxes may be assessed if approved by voters. Laramie County imposes a 1.0 percent general purpose optional sales and use tax, and renewed the additional 1.0 percent specific purpose optional sales and use tax effective October 1, 2017. Specific purpose optional sales taxes are designed to raise a specific amount of money for approved projects within the county. Once the monetary threshold is reached to fund the approved projects, the tax is no longer collected. Sales taxes are imposed on retail sales of goods and services subject to taxation. Use taxes are imposed when purchases are made out-of-state and brought into Wyoming for storage, use or consumption. Lodging taxes may be imposed by counties or cities on lodging services defined as overnight accommodations for transient guests (less than 30 continuous days). Lodging services are also subject to sales taxes. The lodging tax in Laramie County is 4.0 percent. (Total tax imposed on lodging services is 10.0 percent.)

A portion (31%) of state sales and use tax collections are distributed to the counties. In Laramie County, these state sales and use tax collections are then distributed to the county as well as the cities of Cheyenne, Burns, Pine Bluffs, and Albin, based on population.

Both total tax collections and tax receipts by local governments rose from the first quarter of 2021 to the first quarter of 2022. Tax collections rose by 14.3 percent and tax receipts rose by 13.6 percent. Both of these indicators also fell over the quarter. Tax collections fell by 11 percent and tax receipts fell by 10.1 percent from the fourth quarter of 2021 to the first quarter of 2022.

Lodging tax receipts were up 42.1 percent over the last year, from the first quarter of 2021 to the first quarter of 2022. This sharp increase is due to the coronavirus shutting down international travel and limiting airplane travel in 2020 and restrictions being lifted in 2021. Following the typical seasonal pattern, lodging receipts decreased 46.1 percent from the fourth quarter of 2021 to the first quarter of 2022.

Table 3A presents Laramie County total taxable sales and estimated retail sales by subsector. Over the last year, total taxable sales rose by 13.5 percent and estimated total retail sales rose by 10.3 percent.

From the first quarter of 2021 to the first quarter of 2022, 9 of the 14 retail subsectors had an increase in sales. Four subsectors are consistently the top contributors, accounting for over 60 percent of retail sales in Laramie County — Automobile Sales, Eating and Drinking Places, Building Material & Garden, and General Merchandise Stores. Of these top four subsectors, two saw an increase in sales. Building Material and Garden Stores (+28.9%) and Eating and Drinking Places (+9.3%), increased revenues over the year. Automobile Sales(-2.2%) and General Merchandise Stores(-5.8%) saw a decrease in revenue over the year.

Table 3
Government Tax Collections and Receipts

# **Financial Sector**

Table 4 provides information on credit unions and commercial banks in Laramie County.

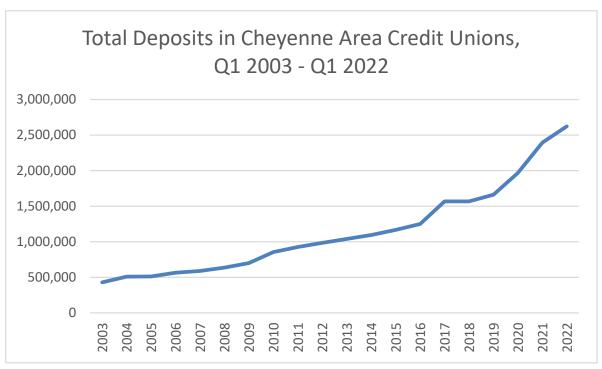

WCBEA reports data from the National Credit Union Administration for credit unions that are headquartered in Cheyenne, Wyoming. The data available for each credit union summarize the financial activity of multiple credit union branches/locations, if more than one location exists.

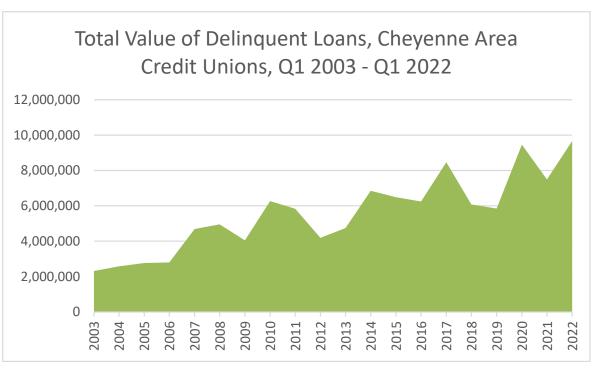

Deposits to and loans from Laramie County credit unions increased from the first quarter of 2021 to the first quarter of 2022. Credit union deposits grew by 9.6 percent over the last year and 4.1 percent from the fourth quarter of 2021 to the first quarter of 2022. The value of loans made by Laramie County credit unions increased by 12.5 percent over the year and increased 5.6 percent over the quarter. The total value of loans made by Laramie County credit unions that were delinquent in repayment increased 28.9 percent over the year, but decreased by 9 percent from the fourth quarter of 2021 to the first quarter of 2022.

Data on total deposits in all FDIC-insured institutions (commercial banks) in Laramie County are available only on an annual basis and were updated for the third quarter 2021 Economic Indicators report. Total deposits in commercial banks were up 33 percent from 2018, up 34.5 percent from 2019, and up 14.2 percent over the last year.

Table 4B shows commercial banks, their total deposits, and their market share. This table is updated annually. The largest bank in Laramie County is Wells Fargo Bank with \$570,729,000 in deposits, representing a 23.1 percent market share. Wells Fargo Bank's deposits rose almost 70,000,000 in the last year. Nearly every bank increased the size of their deposits over the last year. The five largest banks together have a 62.7 percent share of the market. That is, these five largest banks taken together hold 62.7 percent of all deposits in Laramie County commercial banks. Chase Bank opened their first location in Cheyenne during fiscal year 2021 and Bank of the West closed one of their locations.

In July 2020, we began tracking data on commercial banks chartered in Wyoming and operating in Laramie County to help approximate the health of financial institutions outside of credit unions. While this data omits larger banks, like Wells Fargo and Bank of the West, it gives a better idea of Wyoming-specific commercial banks and how they are operating in Laramie County. That information is gathered in Table 4A. One of the banks in the survey was late submitting their performance report, so numbers for the first quarter of 2022 will be understated.

# Residential and Commercial Construction

Tables 5 and 5A present data for new residential and commercial construction in Laramie County and the city of Cheyenne.

In Cheyenne, the number of single-family residential building permits issued increased over the year and over the quarter. The number of permits increased from 62 in the first quarter of 2021 to 105 in the first quarter of 2022(+69.4%). The number of permits issued over the quarter increased from 51 in the fourth quarter of 2021 to 105 in the first quarter of 2022(+106%).

Outside Cheyenne, the number of single-family residential building permits issued decreased over the year and over the quarter. The number of permits issued fell from 85 in the first quarter of 2021 to 45 in the first quarter of 2022(-47.1%). The number of permits issued decreased from 73 in the fourth quarter of 2021 to 45 in the first quarter of 2022(-38.4%). The number of single family homes being built in the county and city combined are comparable to years past, but the addresses for the new builds are landing under Cheyenne jurisdiction, not the county.

In Cheyenne, the new Chase Bank building and an addition to the Searing Industries building accounted for over 5 of the 7 million dollars in new business construction and business remodels. In the county, a new building for Hydrogreen Technology Equipment and an expansion to the event center were the major projects permitted during the quarter.

# **Commercial Property Vacancies**

By the end of the first quarter of 2022, there were 66 active properties on the local commercial real estate market, a 25.0 percent decrease from the fourth quarter of 2021 and a 30.5 percent decrease from one year ago. During the quarter, the number of office spaces decreased, the number of retail spaces decreased, and the number of warehouse spaces decreased. The number of office spaces decreased from 32 to 26, the number of retail spaces decreased from 30 to 23, and the number of warehouses decreased from 21 to 15.

From the fourth quarter of 2021 to the first quarter of 2022, the number of available warehousing units for sale and/or lease decreased 28.5 percent (-6 units) and the total available square footage decreased 8.3 percent. The average lease rate decreased from \$10.92/sf to \$10.70/sf at the end of the first quarter. Total vacant square footage ended the quarter at 466,936 sf as compared to 532,031 sf at the end of the fourth quarter of 2021.

The number of available retail properties for sale and/or lease decreased 20.0 percent (-6 units) over the quarter and the total available square footage decreased 5.4 percent. The total amount of vacant retail space ended the quarter at 287,618 sf, decreasing from 303,918 sf at the end of the fourth quarter of 2021. Vacancy in the Frontier Mall increased from 19.7 percent during the fourth quarter of 2021 to 22.2 percent in the first quarter of 2022. There were 18 vacancies, including the Dillard's West location and Frontier Nine Theatres which are listed separately based on their size. Other shopping centers saw few or no changes in vacancies.

The number of available office properties decreased 18.8 percent (-6 units) over the quarter and the total square footage decreased 19.5 percent over the quarter. Total vacant office space by the quarter's end had decreased to 146,744 sf from 182,278 sf in the fourth quarter of 2021.

The number of medical spaces available for sale or lease during the first quarter of 2022 decreased from 5 to 2.

NOTE: For a complete listing of available commercial properties in the Greater Cheyenne area and discussion of changes in the commercial building market over the third quarter of 2021, please see the Wyoming Center for Economic Analysis @ LCCC's homepage (<a href="www.wyomingeconomicdata.com">www.wyomingeconomicdata.com</a>) and click on Commercial Property Opportunities.

# Residential Housing Market

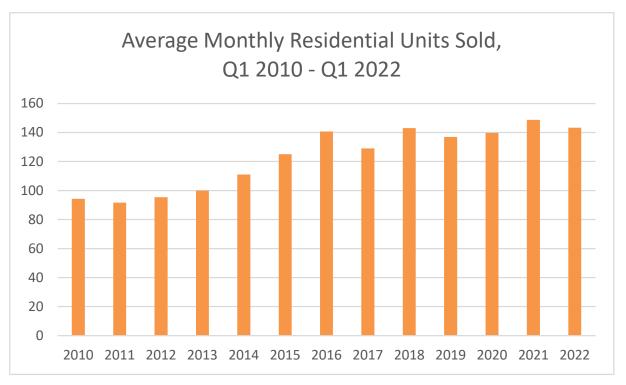

Table 7 provides data on the local residential housing market, both city and rural areas.

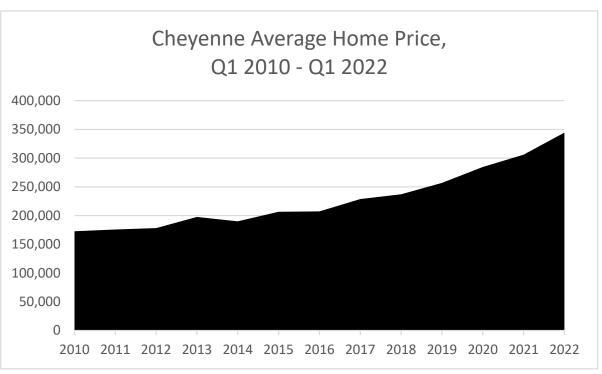

The Cheyenne Board of Realtors reported a 23.9 percent decrease in the supply of homes for sale in the city of Cheyenne and a 10 percent decrease in the supply of homes for sale in the rural part of Laramie County from the first quarter of 2021 to the first quarter of 2022. Over the last year, the supply of homes for sale decreased in the city of Cheyenne, from a monthly average of 67 units for sale in the first quarter of 2021 to a monthly average of 51 units for sale in the first quarter of 2022. In rural Laramie County, there was a decrease in the supply of homes for sale over the last year, from a monthly average of 30 in the first quarter of 2021 to a monthly average of 27 in the first quarter of 2022.

The average sales price for homes in the city of Cheyenne fell 1.4 percent over the last quarter and rose 12.6 percent over the year. The average sales price was \$344,478 during the first quarter of 2022, up from \$306,013 in the first quarter of 2021 and down from \$349,426 in the fourth quarter of 2021.

The average sales price for homes in rural Laramie County increased over the quarter and over the year. The average sales price was \$558,896, up from \$455,833 in the first quarter of 2021 and up from \$558,387 in the fourth quarter of 2021.

The condo and townhouse market is also tight. The number of townhouses and condominiums available for sale fell over the year and over the quarter. From the fourth quarter of 2021 to the first quarter of 2022, the average monthly townhouses and condos for sale fell from 15 to 13(-13.3%). Year over year, the number of townhouses and condos for sale fell from 16 to 13(-18.8%). The average sales price for townhouses and condos rose over the quarter (+11.1%) and over the year (+20.8%).

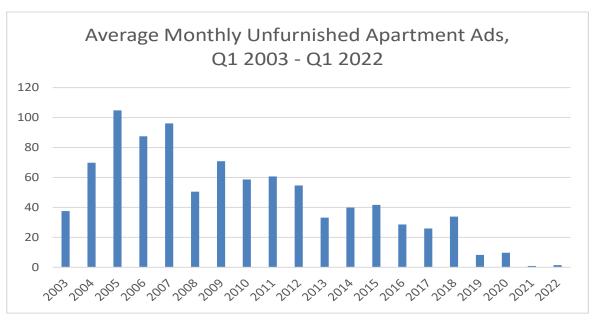

# **Apartment Vacancies**

The vacancy rate in sampled apartments rose over the quarter and over the year. It rose from 0.6 percent in the fourth quarter of 2021 to 1.4 percent in the first quarter of 2022. This vacancy rate rose from 1.0 percent in the first quarter of 2021 to 1.4 percent in the first quarter of 2022.

Table 7 below presents the above data.

# **Demographics and Tourism**

The following tables provide data on current demographic and tourism trends within Laramie County. Table 8 presents information on human and social services and school enrollments in Laramie County and Table 9 presents tourism indicators.

The average number of people sheltered at the safehouse fell over the quarter and rose over the year. From the first quarter of 2021 to the first quarter of 2022, the monthly average number of people sheltered increased from 38 to 51(+34.2%). Over the quarter, the monthly average decreased from 70 to 51(-27.1%).

There was an increase in Temporary Assistance for Needy Families (TANF) distributions over the year and a small decrease over the quarter. The number increased from 81 to 87(+7.4%) over the year and dipped from 88 to 87(-1.1%) over the quarter.

Local tourism numbers were mostly positive over the last year. The Cheyenne Visitor Center saw their numbers triple from the first quarter of 2021 to the first quarter of 2022. Occupancy rates at local hotels increased from 47.3 percent in the first quarter of 2021 to 51.0 percent in the first quarter of 2022. These figures are set to improve as the virus weakens and more people receive the vaccine.

<sup>\*</sup> Labor statistics are compiled from two major sources: Current Population Survey (CPS) and Current Employment Statistics (CES). Local Area Unemployment Statistics (LAUS) are estimated based on CPS data which is collected through household surveys which individuals are reported as employed, unemployed or not in the labor force. This data includes employment for both agriculture and nonagricultural industries. CES data is based on establishment records compiled through monthly surveys of nonfarm employers. Individuals who worked in more than one establishment, full or part-time, are counted each time their names appear on payrolls.
